

Hunt 11-09 Alaska - Black Bear

We have been booking clients with this outfitter in SW Alaska for many years and his spring and fall bear hunts on Prince of Wales Island continue to produce some great bears. Fall hunts can also be conducted in conjunction with goat hunts on the mainland or Sitka Blacktail hunts on POW. The bear hunts on POW are conducted out of a comfortable cabin and hunting is conducted by small boat hunting back water bays and at times by 4WD (if hunting the logging road system on POW). Southeast Alaska is known for huge bears and also a lot of rain, be it spring or fall. If you are looking for a coastal bear hunt where you are hunting big blackies, give us a call.

Rates: 7-day 1x1 spring hunt \$5,000; 10-day 1x1 fall black bear/Sitka blacktail deer \$7,000; 2x1 \$6,000; license \$85; bear tag \$225; deer tag \$150
