

## ***Hunt 11-94 Alaska - Alaskan Yukon Moose***

This is a bowhunting only outfitter who takes a very limited number of moose hunters per year, normally six. He has two different areas that he will put you in the drawing for. We have never had a client not successfully draw a tag on this hunt. Areas he hunts are 250+ miles northwest of Fairbanks. We have been booking clients here ever since 2001 when Mark, MR James, and Larry Jones took bulls. Great bowhunting guides. Hunts are generally nine days 1x1 unless booked as a combination with caribou and grizzly, then 12 days. Often times you'll have to book two years out with limited hunters taken annually.

*Rates: 9-day 1x1 moose \$12,500, \$2,500 trophy fee on any bull harvested or wounded, \$3,500 if green scores over 224 B&C minimum; 12-day combination moose/grizzly/caribou, \$14,500, same trophy fees on moose, \$3,500 trophy fee on grizzly; license \$85; moose tag \$400; caribou tag \$325; grizzly tag \$500*
